Democratic County Ticket.

ASSOCIATE JUDGES,
JOHN D. DONOHUE, of Strasburg Twp.
DAVID L. JENKINS, of Mount Pleasant Twp.
EDWARD SHEFFER, of East Berlin Twp.
PROTHONOTARY,
EMANUEL M. ZIEGLER, of Gettysburg.
DIRECTOR OF THE POLL,
JAMES B. MYERS, of Highland Twp.
COMMISSIONER,
DR. A. P. BEAVER, of Hamiltonburg Twp.
COUNTY SHERIFF,
JOHN G. BRINCKERHOFF, of Strasburg.

There above is the ticket nominated yesterday. All the candidates are well qualified for the respective positions, are good and useful citizens, active and earnest Democrats. They deserve the cordial support of every party friend, and their election will secure the county efficient and faithful service. More anon.

The proceedings of the Convention were characterized by a harmonious feeling throughout, reflecting very creditably upon the delegates. It was a most successful one, and to keep with the success of the county, a city opposition, where only hope is to succeed by some "hook or crook" not yet developed. So far as the Democrats are concerned, the campaign has fully opened, and its importance appears to all for vigilance and industry in the good work all the time until the close of the polls next November.

The Quaker people got together at Harrisburg on Wednesday and named Speaker Boyer for State Treasurer without any dissent—as the Boss desired.

Senator Delamater presided and Mr. Andrews was continued as chairman of the State Committee. Everything bore the Quaker brand.

The platform throws a bar to the brewers and distillers by declaring for high license. These parties must be kept next year where there is a governor to be elected, and an early start in that direction is thought to be the thing to do. Some other dodge must be invented for use on the Temperance people, which may be left to time and chance; but the temperance cause is expected to equal to getting the average Republican prohibitionists into supporting Boss candidates whenever the slightest chance for the Democrats may be apparent. The course of a very respectable body of people who pretend to favor the Quaker's method will be watched with interest. To follow his lead now would be in the very best wisdom.

HON. JACOB YOST, former Republican Virginia congressman, has no faith in the "compromise" lately effected between Gen. Mahone and some of the leading Republican leaders in the State. The paper of which he is part owner, the Valley Virginian, characterizes it as "a put-up job to place Republicans of Virginia under the feet of Gen. Mahone, and through the full control of the State and federal machinery to do precisely what he originally intended to do."

The Virginian declares that Mr. Yost, Mr. Quay or any one else to break the solid South this fall through the arrangement in question, he will receive a response in 25,000 to 30,000 nuptial it. In concluding, the Virginian says: "Mercenary politicians may count their substance and lay their plans to follow the right of a people for a matter of postage, but they cannot deliver the goods." This certainly looks worrisome, and the Virginian is a power with its party in the old commonwealth; at least such is the ruling of the Baltimore Sun.

KENTUCKY ALWAYS TRUE!—The Republicans tried to flatter themselves that with Virginia, Kentucky was also preparing to drop into the Republican spoils net. It is, however, nothing but disappointment for them in look. Kentucky is for the Union and Kentucky asserts her honest old character with thirty to forty thousand majority for Stephen G. Sharp, the Democratic candidate for State Treasurer, and a gain of from eight to twelve Democrats in the Legislature. Good enough for the Democrats.

The Daybreak Democrat has a full new dress, and a very handsome one it is. The Democrat is one of the most able and influential Democratic journals in the State, and we are glad to see this renewed evidence of its prosperity.

THINK OF THE CONTRAST!—The Philadelphia Times says: "The Republicans of Pennsylvania in bygone times used to believe their formal elegance upon men like Lincoln and Grant. But the world moves and now their chosen heroes are Quay and Tamm."

PRESIDENT HARRISON, the other day removed 21 Democratic Presidential postmasters—the same Harrison who gave his pledge that if elected it would be his "sacred purpose to advance the reform of the civil service?" Right!

SECRETARY BLAINE, the head of the administration, is the friend and advocate of all trusts.

UNDER A Republican administration, the failures during six months were 3,915. Where are the good Harrison times now?

This only murder committed in Kentucky on the day of the recent election, was the shooting of a negro by a marshal, both Republicans.

JUDAS CUMMIS, of the Johnstown relief commission, died at Crescon on Sunday morning, a victim of overwork and malaria.

COL. FRANK MARSHALL, of Wrightsville, declines to be a candidate for State Treasurer.

REPUBLICAN SENATOR BLAKE, of New Hampshire, protests that the industries of New England must not be paralyzed for the want of cheap raw material, and says he will endeavor in the tariff to that end. How far will his party allow him to go?

Mrs. HARRISON's party not to go to the war, her husband has led troops to fight the State that Mrs. Harrison is not fond of Mrs. Blaine.

The Republican Standard endorses Harrison and Tamm in glowing style, but "civil service reform" gets the cold shoulder. Patronage is in different hands now.

"Trusts" are now on from criticism or denunciation at the hands of Republican conversions.

SIXTY some of our soldiers' orphans' schools are to be continued, it is gratifying to know that the White Hall school is among them. That school has always been well conducted but never better than since it has been under the care of Professor S. B. Heiges.—Editorial.

PURIST SULLIVAN is in jail in Mississippi.

HARRISON is still "getting satisfaction for himself" out of the Presidential office. One of the rich Standardists, an Indiana, some time ago, presented the President with a handsome carriage. A short time since the reward came. Stutzelbach's report was appointed postmaster at an important point in Texas.—Greenbacker Dem.

Our Washington Letter.

WASHINGTON, Aug. 9, 1889.

Editor of the Compiler: No bill will be paid the telegraph companies for carrying government messages until it is decided at what rate they shall be paid for. The Postmaster General insists that one mill per mile is enough. This the telegraph people deny.

Next Winter it is probable that about 10,000,000 worth of land in the great Sioux Indian reservation in Southern Dakota will be thrown open to settlement. It only requires that Congress shall approve the agreement which Ex-Gov. Foster, chairman of the Commission, telegraphed the Interior department Wednesday last had been made with the Indians. Under this agreement the Indians will receive \$1.25 per acre for all the land sold during the first three years; 75 cents per acre for the next two years following, and 50 cents per acre for all that remains unsold after that. The Commission, which was composed of Ex-Gov. Foster, of Ohio, Gen. Crook, U. S. A., and Hon. Wm. Watson, of Missouri, have been about a month in getting the requisite number of Indians—two-thirds of the miles over the land sold during the first three years; 75 cents per acre for the next two years following, and 50 cents per acre for all that remains unsold after that.
